

***Zoological Research* is now one the top-ranked publications in China**

We are pleased to announce that *Zoological Research* has reached a new level this year. On 30 December 2013, the China Academic Journals Electronic Publishing House, Library of Tsinghua University and China Scientific Literature Evaluation and Measuring Research Center jointly awarded *ZR* the “2013 The Highest International Impact Academic Journals of China” in Science, Technology and Engineering for its achievement in internationalizing life sciences research. *ZR* was among 175 Science and Technology Journals selected for the award from a pool of 4622 journals (3502 Science and Technology Journals and 1120 Humanities and Social Science Journals), all of which were in the top 5% of domestic Chinese publications in their field, as determined by comparing their international annual total citation frequency and international impact factor.
